02/08/2012 03:50 PM

Brian, as I mentioned to you in my voicemail, myself, Marylou Soscia, and Jannine Jennings, our water quality standards manager, will be in Spokane on February 16th meeting with staff from a couple of Tribes. We have availability to meet with others in the afternoon from 1 to 2:30 p.m. As you know from the recent message sent by Marylou, we have been made aware of additional information about fish consumption and will be reviewing that information and any other information Tribes wish to give us before we make our decision in Idaho. We are asking Tribes to provide us with any additional information by the end of March. If you are interested in meeting with us to further give us your perspectives, we would be happy to do so. We will be at the UCUT Central Office (3rd floor conference room, 25 W. Main St., Spokane). Let me know if you are interested in meeting with us. Thank you.

Christine Psyk
